We have years of experience and all of the juicy marketing connections it takes to spin us off axis! The teams greatest asset is our amazing and dedicated community who honor us with their trust.

## How To Play

Two Steps:

Buy \$SPIN

1. Connect your wallet to PancakeSwap on the Binance Smart Chain Network.
2. Select BNB as your first currency, enter the \$SPIN BSC contract address for the second.
3. Set your slippage to 13-15%- or more during times of heavy volume.
4. Purchase .05 BNB or more, in increments of .05 BNB, and receive one **'Credit'** for both jackpots, Super and Mega, per .05 BNB spent.
5. Gas fees will be higher than usual as \$SPIN will create each credit separately on the Blockchain to ensure a fair and automatic spin.
6. You will see your credits, total pot, and odds of winning on our DApp. More credits equals higher odds.
7. If you wish, you can connect your wallet to the DApp and select the appropriate game for more info.

Hold \$SPIN

Selling any amount of \$SPIN tokens removes all of your current credits. After selling, any additional \$SPIN you purchase will still give you new credits. **'WIN BONUS'** indicates how much larger the pot is compared to the amount of **'ACTIVE BETS'**. The higher the **'WIN BONUS'**- the higher the ROI!

98 % of the pot will be sent to the winner. 1% will be used for gas fees and 1% will be used for giveaways during the Weekly Mega SPIN Jackpot voicechat parties on telegram.

| Till Draw      |       |     |
